Bhopal ,Madhya Pradesh

CAREER OBJECTIVE

Motivated and detail-oriented Computer Science student with knowledge of HTML, CSS, JavaScript, React, and SQL. Seeking a Frontend Developer position where I can apply my technical skills, contribute to innovative projects, and grow as a software professional.

PROJECTS

AI Enabled Women Safety App | React.js, JavaScript, HTML, CSS, MYSQL

- Developed a responsive women safety application to address personal security challenges by implementing real-time location tracking and SOS emergency alerts for rapid assistance.
- Built features including instant alert sharing with emergency contacts, safe-zone feedback, and an AI-powered chatbot to enhance safety awareness and user support.
- Designed an intuitive user interface with dark/light mode functionality, improving accessibility, usability, and overall user experience.
